

Hi Everyone,

I don't know if you remember the item I placed on the News Page of www.Sportsvoice.com.au or not long ago, (see below) but have a look at the Car with Jason Clements driving at speed at Phillip Island on the 19th March 2010, and Jason was given the opportunity due to time and success in karts. Now there's an incentive for you! Quick? You betcha – and all from karting, way to go Jason!!

Geoff Salmon

Hi Geoff,

Not sure if I mentioned to you before at a Lismore Kart meeting, but I have an opportunity to drive a 1986 LOLA T8600 Indy car, it was Al Unser Jr's car that he raced for Domino's pizza Team Sherison in The '86 Indy car series.

I will be testing the car at Queensland Raceway on Thursday 21st January, then racing at Phillip Island on the 19th 20th and 21st March.

It is a LOLA chassis with a 2.6lt V8 cosworth engine approx 850hp, at 12,000 rpm total car weight is 750kg this is sure to be an exciting package to drive.

I have been driving open wheelers for Graham Mein for approx 12 years and this opportunity was only made available due to my time and success in karts.

I have talked to Auto Action and they are keen to do an article on the car.

I would be more than happy to talk to you if you would like to hear more about the car and the opportunity.

I have attached a pic of the car at my workshop in Ballina and will send through some more pics after the test day at QR. Thank You Jason Clements
